

**Consider donating  
your abandoned or  
vacant building to  
the fire department.**

Your local fire department is interested in structures that can be used for hands-on training.

Do you have a  
building that is  
vacant,  
abandoned, or  
needs to be  
demolished?

**LET US HELP!**

**SHORELINE FIRE  
DEPARTMENT**

**Tel: 206 533 6501**

Your local fire department needs abandoned & vacant buildings for hands-on training.

---

We are asking property owners who may have a structure that is vacant, abandoned, and/or ready to be demolished to allow fire-fighters to conduct training in it.

Donated structures can be used for three types of training:

- **Non Destructive:** Used for search and rescue training. No damage is done to the structure.
- **Destructive:** Used for breaching walls, cutting holes in roofs, knocking out windows, etc.
- **Live Burn:** Used for fire suppression activities.

Please note: Your donation may be tax deductible. Contact your tax advisor for further information.

All types of buildings are needed:

- Single Family Residences
- Multi Family Residences
- One or two story apartment buildings
- Strip Mall shopping centers
- Commercial Buildings

For more information contact...
